DETAILED ACTION

1. Receipt is acknowledged of the response filed on 19 December 2006, which has been entered in the file.

Allowable Subject Matter

2. Claims 1-28 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Although, the best prior art of record to Silverbrook et al. (US 6,957,768) teaches an interface surface or Netpage system comprising a plurality of fields for receiving user input that is corresponding to tags and activating corresponding function accordingly. However, Silverbrook et al. taken alone or in combination of other references, fail to specifically teach or fairly suggest that a product comprising a first position code for a user unit to determine positions from the entire surface of the base and a second position code to define coordinates for second points wherein the second position code allow to determine position within the at least partial area as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Olsson et al. (US 6,732,927) discloses a method and a device for data decoding data stored on a surface.
